

# DistrictWON™

Partnering with Purpose

Official partner of the OIAAA

“The OIAAA does not partner with just any business. Our objective in developing such collaborations has always been to ensure there is **alignment with our mission**. As such, we want our school athletic departments to examine what DistrictWON offers. They (DistrictWON) clearly grasp the role of the athletic director and understand the **importance of minimizing expenses while offering high performance**. DistrictWON’s products are top-of-the-line and they separate themselves with their service.”

Bruce Brown  
Executive Director  
OIAAA
