PICTURE YOURSELF THERE

PLAN YOUR CAMPUS VISIT.

Photos and websites can only tell you so much. School visits (in person or virtual) can help you see if a program really fits the picture you're building. Use this worksheet to prep for and reflect on your visit.

QUESTIONS TO ASK:

- What activities and services are available to help students transition during their first year?
- What programs or training opportunities are available?
- Are lectures taught by professors or teacher assistants?
- How easy is it to switch majors?
- What careers do graduates pursue most?
- What makes this program unique?
- What is the cost of attending this school?
- What type of grants and scholarships are offered through the school and how do I apply for them?
